EDUCATION

In the realm of knowledge, let us immerse,
Education, a gift that empowers the universe.
With each lesson learned, a world unfurls,
Igniting minds, as wisdom unfurls.

Discover the wonders, embrace the unknown,
Education's light, forever brightly shone.
Unlock the doors, let curiosity soar,
For in education's embrace, we'll explore.

With knowledge as our guide, we'll rise above,
Empowered to shape a future we love.
Let education's flame forever burn,
For it's the key to progress and the thirst to learn.
